County Agent **Recommends Spot** Weevil Treatment

Jones County Agent, Kirby

Clayton recommended a spot treatment type program for overwintered boll weevil control late planded cotton in Jones County. Clayton says that spot treatment of the first few rows of cotton adjoining weevil hibernation quarters should give very good control of over wintered weevils if treated at the right time. Weevils generally stay adjoining hibernation areas until their 1000 supply runs out; they then move to other areas in the field. Clayton urged farmers to keep close check on overwintered weevil infestation and to use the spot treatment before they infest the entire field and start egg laying.

Clayton cautions farmers against spraying entire fields for overwintered weevil control unless the entire field is infested. This type program could kill off all beneficial insects and bring on a bollworm build-up which would be most difficult to control.

Spot treatment allows beneficial insects to come back into the treated area from the untreated part of the field and helps bring bollworms under control.

All spot treatment should began before the squares the one-third grown

Three Hamlin Students Honored At Hardin-Simmons Award Day

Abilene - Gloria Jean Jenkins, Jack Everett Townley, Jr., and Mrs. Jo Ann Pritchard, three graduates of Hamlin High School, were presented with awards during Har-University's campus-wide Awards Day ceremonies.

Both Miss Jenkins, a junior at H-SU, and Townley, a freshman, received personalized yearbooks and gold medals in recognition of their work on the 1966 Bronco, Hardin-Simmons' yearbook. Miss Jenkins was artist for the 1966 edition, while Townley helped write the activities section of the yearbook.

Miss Jenkins and Townley have contributed to various campus activities in addition to their work on the Bronco. Miss Jenkins has served as reporter for the Beta Chi chapter of Kappa Pi international honorary art fraternity, and has been a member of the Texas Student Education Association and of Delta social club. She was an unsuccessful candidate for Senior Senator in Hardin-Simmons' 1966 spring elections.

Townley has used his musical talent to gain him positions in the woodwind sections

of both the well known H-SU Cowboy Band and the Reserve Officer Training Corps' Band Company

Miss Jenkins, who is majoring in art, is the daughter of Mr. and Mrs. E. N. Jenkins. Townley, who is seeking a Bachelor of Arts degree in chemistry, is the son of Mr. and Mrs. J. E. Townley.

Mrs. Jo Ann Pritchard was presented with an Alpha Chi Certificate of Membership during the same awards assemy

Alpha Chi certificates are awarded to members of junior and senior classes at H-SU whose grades are in the upper 10 per cent of the two classes, and who have completed at least 30 semester hours of credit at Hardin-Simmons

Memberships in Alpha Chi are recommended from those students with the above standards by the Head of the Department in the student's major field. Dr. Otto O. Watts. sponsor of Alpha Chi at H-SU presented Mrs. Pritchard with her award.

Mrs. Pritchard, a former Hamlin Pied Piper and an English major at Hardin-Simmons, is married to Bill Prichard of Stamford.

58 YEARS FROM THE BENCH

.TO THE BARN

It took 58 years for Thomas Edison's marvelous incandescent lamp to find its way from his laboratory to the rural areas of Texas.

Big cities were electrified quickly. But the job of rural electrification in this area wasn't even started until a few years ago when rural people organized MIDWEST ELEC-TRIC COOPERATIVE and built their own electric system.

Today, this first-class electric utility has transformed rural life. So versatile are the uses of electric power, it is doubtful even the "Wizard of Menlo Park" could have forseen its great demand.

And as the demand continues to increase, the member-owned MID-WEST ELECTRIC COOPERATIVE is planning ahead for improved facilities to deliver the power that is Helping Texas Grow.

Take a peep at the improvements over town, you will see the building now occupied by Cecil & Co. one of the prettiest since the many changes. New white paint on the walls and ceilings, fresh paint, hand- ? some show windows and a large number of modern cases for men's and women's clothing have been erected.

Straight as an Arrow

In Archery you score only when you hit the target. To score well, you must have straight arrows.

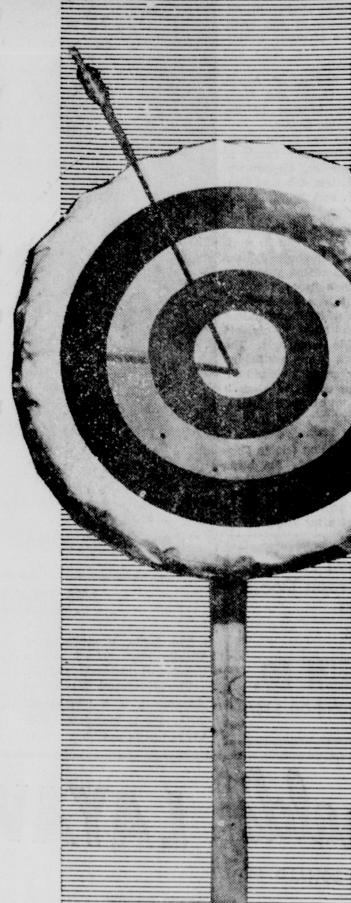

When you attend church, it makes it easier to stay on the straight path. The church wants to help you in all ways of life, but can only do so, if you stay within its circle. Attend church and know the joy of a good life.

"For God is not the author of confusion, but of peace, as in all churches of the saints."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of G30 C5 C5

Eight officers of the Hamlin Chapter, Future Homemakers of America, attended the two-day officers workshop at Texas Tech College,

The group included Sue Roddy, Vicki Newland, Revonna Kay Robertson, Jerry Elliott, Martha Robertson, Sharon Hawkins, Janet Carson and Beth Craig. They were accompanied by Mrs. John D. Ferguson, sponsor, and Mrs. Bo Newland.

Officers met in general sessions and small groups. Girls learned how to create new interests, new and different ways to raise money, and how to use originality in planning programs. There were 1,131 F. H. A. girls attending the meeting Tuesday and Wednes-

Tuesday evening the girls were divided into groups and taken on a tour. They went through the library, home economics building, museum, and other places of interest on the campus. The tour was concluded at the Student Union building where a Coke and song party was held.

The girls returned home Wednesday afternoon.

Officers met Tuesday for yearbook planning meeting. They will also meet Tuesday for this purpose

A weiner roast for the chapter is planned for Tuesday, June 28, at the city park. All girls are invited and are asked to bring 25c for their

County Agent Recommends Spot Weevil Treatment

Jones County Agent, Kirby

Clayton recommended a spot treatment type program for overwintered boll weevil control late planded cotton in ** Jones County. Clayton says that spot treatment of the first few rows of cotton adjoining weevil hibernation quarters should give very good control of over wintered weevils if treated at the right time. Weevils generally stay adjoining hibernation areas until their tood supply runs out; they then move to other urged farmers to keep clos check on overwintered weevil infestation and to use the spot treatment before they infest the entire field and start egg laying.

Clayton cautions farmers against spraying entire fields for overwintered weevil control unless the entire field is infested. This type program could kill off all beneficial insects and bring on a boll worm build-up which would be most difficult to control. Spot treatment allows bene-

ficial insects to come back into the treated area from the untreated part of the field and helps bring bollworms under control

All spot treatment should began before the squares reach the one-third grown stage

Straight as an Arrow

In Archery you score only when you hit the target. To score well, you must have straight arrows.

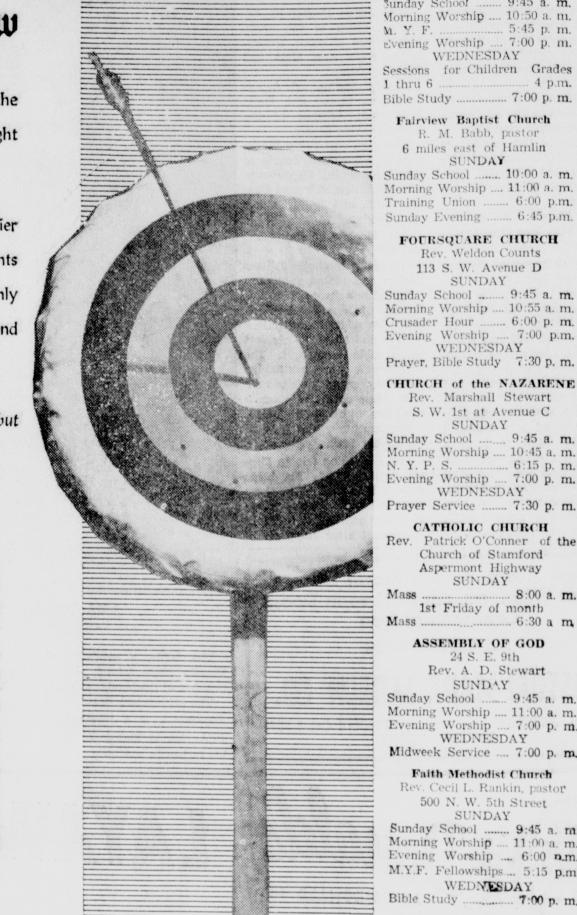

When you attend church, it makes it easier to stay on the straight path. The church wants to help you in all ways of life, but can only do so, if you stay within its circle. Attend church and know the joy of a good life.

world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of
